Dear Mr. Reese:

RE: Coal Creek Distribution

It has come to my attention that the Coal Creek Water Commissioner, Mr. Theron Ashcroft, is hired from March 15 of one year to March 15 of the next year. When the meeting was held February 24, 1960, no provisions were made to transfer money into the Coal Creek Accountant to pay the Commissioner's Salary until assessments were sent out by the State Engineer and paid by the Water Users. Perhaps, you have already solved this problem, but if not, a letter to the Coal Creek Water Users Committee may enlist their help and have the Commissioner paid temporarily from funds remaining with the organization at the time the accounts were transferred to the State Engineer.

I feel quite confident that the Water Users do not wish the Commissioner to remain unpaid from March 15 to about May when assessment begin to come in and any help I can give is awaiting your request.

Very sincerely,

Clifton W. Johnson  
District Engineer
